PRODUCT SPOTLIGHT - GAP GUARANTEED ASSET PROTECTION (GAP)

Let's face it sometimes accidents happen, and you don't want to be left owing money on your vehicle loan after your insurance has been paid out. That is where GAP comes in to play. GAP insurance, which stands for Guaranteed Asset Protection, is a supplemental insurance that can be added on to your motorized vehicle purchase with the loan. Unlike standard insurance, GAP helps by filling in the difference from what you have been paid out by the insurance company after an accident, and what you still owe on your loan. GAP can be applied to vehicles, and recreational loans for items such as boats, or motorcycles and is an affordable policy to add on. The Consumer Loan Specialists here at Aspire can help you get started.

LET US FILL THE GAP

During the months of May, June and July, members who purchase GAP insurance for their new or existing loan at Aspire Credit Union will go into a drawing and your prize will be us reimbursing your cost!

awesome giveaways!*

ONLINE BANKING

Online Banking is a convenient way to access your Aspire accounts from home or on-the-go. You can check balances, make transfers, and even pay bills from wherever you are. Once you have signed up, you have the option to go green!

Go Green!

From the online banking homepage, you can opt into all of our E-services including E-Statements, and E-Notices. From your computer, log into Online Banking, under the accounts tab choose E-Notices or online statements.

Inside E-Notices, you can choose the delivery method of your documents, and easily update your settings to receive all documents electronically.

After you enroll in online banking, we recommend that you download our mobile app. The app provides the easiest access to your accounts when you are not near your computer.

MOBILE APP

The Mobile App uses the same login you created for Online Banking. Once you have the app downloaded, depending on your smart phone technology, you can opt into facial or fingerprint recognition. This quickly gets you in the app skipping the login steps.

Our tip - Log into your account with your username and password once a month so you don't forget your credentials.

To Install

To scan the QR Code - open the camera on your mobile phone and hover over the QR Code. A web link will appear across the top of your phone. Open the prompted link, it will link you to the Aspire Credit Union Website. Select the correct app tile, and download the respective iOS or Android app.
